

Don't Bully Me

By 5S – Mrs. Stanley's 5th Grade

Friendship is friendship, even in Hullabalu
Don't bully a friend or they'll get mad at you!

Bullying is an awful thing, no one likes it
But we have to stick together, every single bit!

A friend is someone who cares for you if something is wrong
You feel comfortable with them, it's like you belong!

Bullying is not acceptable in our school
If your school doesn't have that rule, don't be cruel!

Friendship is not the kind of thing that comes by force
It comes from kindness, sharing, and caring of course!

Bullying, bullying, don't do it, it's no fun,
If you walk away from it, you're the one who has won!

Try not to bully anyone because it is wrong
Remember, always keep your hands where they belong!

Everyone should know the happiness of a friend
Even if you have fights, the friendship will soon mend!

Do not be a bully because you will be sad
Do not be a bully because you will be mad!

When you are nice to people they are nice to you
When you are mean to people they can go koukou!

Moo Moo is a bully and is mean to Lucy
He made a friend and stopped bullying Tucky!

If you are a bully then stop because it's sad
And your friends will get mad, and that's very bad!

Bullying is not cool so follow one rule
Do not bully people because it shows you're a shmool!

Friendship means caring, each and every single day
It also means to stick together, all the way!

There once lived a friendly alien from outer space
He wanted to make peace with the whole human race!

Please don't bully, it can ruin someone's life
Please don't bully, it hurts just like a knife!

I think maybe the bully will forget, I vowed
But he swings a freaky fist and the school isn't proud!

Bullying, bullying, not fun for me or you
You walk away from the fight...now I'm happy too!

Oh the bullies you'll meet, it's rough on the street
First try to be sweet, if not be fast on your feet.

Inviting friends to parties is so jolliriffic
But memories with friends is more holligriffic.

If you're being troubled by bullies big and tall
Tell the nearest teacher and watch them take the fall!
